

EURL-Fish training course:

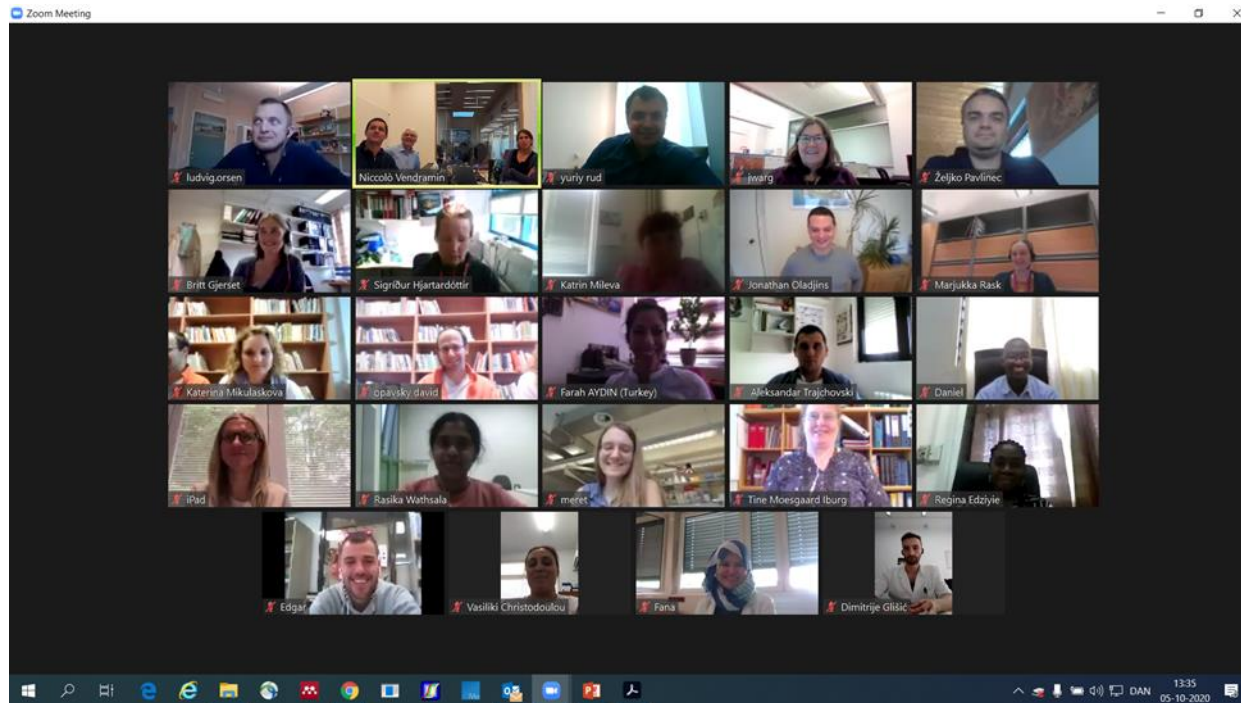

Methods for implementation of surveillance  
procedures for listed fish diseases,

10<sup>th</sup> to 14<sup>th</sup> October 2022

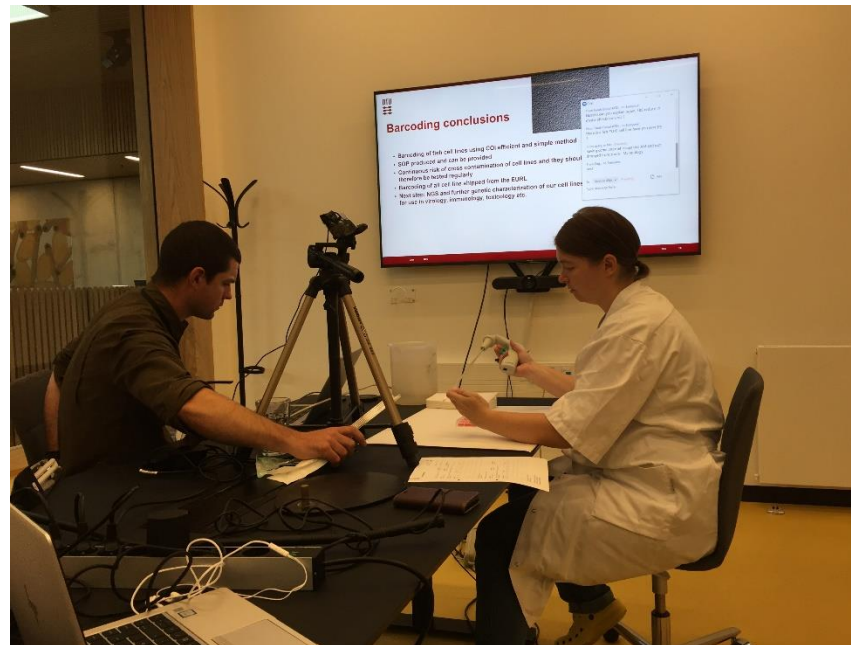

Introduction to histopathology in fish and  
crustacean diseases

17<sup>th</sup> to 21<sup>st</sup> October 2022

# In 2020 and 2021 we did like this

# Teaching on zoom – a combination of lectures, demonstration live, sharing microscope screen and assignments for the participants to be done in breakout rooms

# In 2022 we aim at getting back to this

of Denmark

# Training course in 2022

- Although we will still have to keep updated with development of Covid pandemic
- We aim at having only physical courses
- Within june announcement and invitation out
- By August collection of applications
- In early September communication to the participants and programs
- STAY TUNED 😊
